The COVID-19 Immunisation Status field displays as:

- 'This individual has **not** received all required COVID-19 vaccines.' if someone has had only one vaccine; or
- 'This individual has received all required COVID-19 vaccines.'

If no COVID-19 vaccines have been received, the status isn't displayed.

If there is additional information recorded in the AIR, this is displayed in a **Notices** section. This may include details about immunisation exemptions or participation in vaccine trials.

COVID-19 Immunisation Status:	This individual has not received all required COVID-19 vaccines.

Note: The Australian Immunisation Register was expanded to include adult immunisations in September 2016, so any adult immunisations given prior to then will not be listed. The childhood version of the Australian Immunisation Register started in 1996, so younger people will have their childhood immunisations listed.
