

# Accessing the Medicare Overview

*Note: These steps assume that your software is connected to the My Health Record system, the patient has a My Health Record and their individual healthcare identifier (IHI) has been validated in your system*

**Option 1:** for users of Genie via the NASH approach

**STEP 1:**

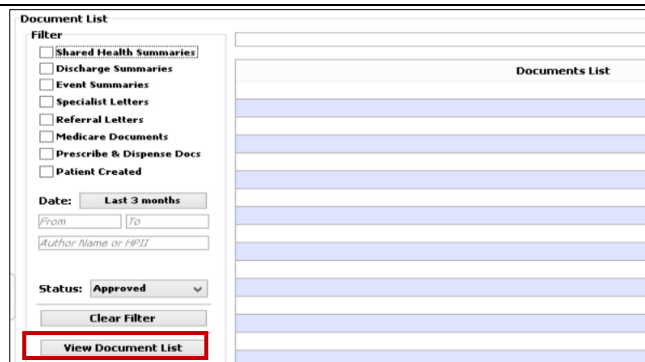

In the patient's clinical record, click the **My Health Record icon** to gain access, then select the **My Health Record tab**.

**STEP 2:**

Click the **View Document List button**.

Note: You can filter the list by document type, date range, and author name or HPI-I. If you select new filter(s), select **View Document List** again to apply.

Tip: Alternately, you may have the option (dependent on your software set-up) to view the patient's My Health Record by clicking on the **Open in Browser** button, this will then display as per option 2, step 2 below.

**STEP 3:**

Select either **Medicare Overview -all** or **Medicare overview -past 12 months**.

Double click to open and view the document.

**Note:** An individual can choose which Medicare information is added to their record. They can control information such as claims for medical services, doctor visits, tests, medicines, organ donation decisions, and immunisations. The individual can choose to add some or all of this information to their My Health Record.
