

Accessing Immunisation Information

Note: These steps assume that your software is connected to the My Health Record system, the patient has a My Health Record and their individual healthcare identifier (IHI) has been validated in your system

Option 1: for users of Genie via the NASH approach

STEP 1:

In the patient's clinical record, click the **My Health Record icon** to gain access, then select the **My Health Record tab**.

STEP 2:

Click **View Document List** to refresh the list. Then double-click to open **Immunisation Consolidated View**.

Document List

--	--	--	---

Details of a patient’s immunisation status including details of next immunisation(s) will also be displayed if recorded in AIR.

The COVID-19 Immunisation Status field displays as:

- ‘This individual has **not** received all required COVID-19 vaccines’ if someone has had only one vaccine; or
- ‘This individual has received all required COVID-19 vaccines.’

If no COVID-19 vaccines have been received, the status isn’t displayed.

If there is additional information recorded in the AIR, this is displayed in a **Notices** section. This may include details about immunisation exemptions or participation in vaccine trials.

National Immunisation Program (NIP) status:		up to date
COVID-19 Immunisation Status:		not up to date
<hr/>		
Next immunisation/s due	Date due	
Comirnaty	02 Apr 2021	
<hr/>		
Notice/s		
<hr/>		

STEP 4:

Click on the **Immunisations** tab to access available immunisation information recorded in the Australian Immunisation Register and held in any shared health summaries or event summaries in a patient’s My Health Record.

You can click on any hyperlinks within the immunisations list to view the original source document.

From this view you can also access the most recent **shared health summary** and **event summary** that contain immunisation information.

Immunisations recorded in the Australian Immunisations Register and My Health Record
20-Jul-2009 to 19-Feb-2021 (2 months ago)

Source/Author	Date	Dose number	Immunisation - Brand	Disease/Indication
Australian Immunisation Register	19-Feb-2021 (2 months ago)	1	Comirnaty	Comirnaty
Event Summary by DHS5495	04-Aug-2020 (9 months ago)	1	Cholera	
Event Summary by Test Health Service 440	13-May-2014 (7 years ago)	1	Fluvax	
Event Summary by Own organisation	10-May-2013 (8 years ago)	0	Fluvax	
Event Summary by Own organisation	20-Mar-2012 (9 years ago)	0	Fluvax	

Option 2: for users of Genie v9.4.1 or later and registered under the Genie Solutions CSP approach

STEP 1:

Open the patient's clinical file then click on the **My Health Record icon**.

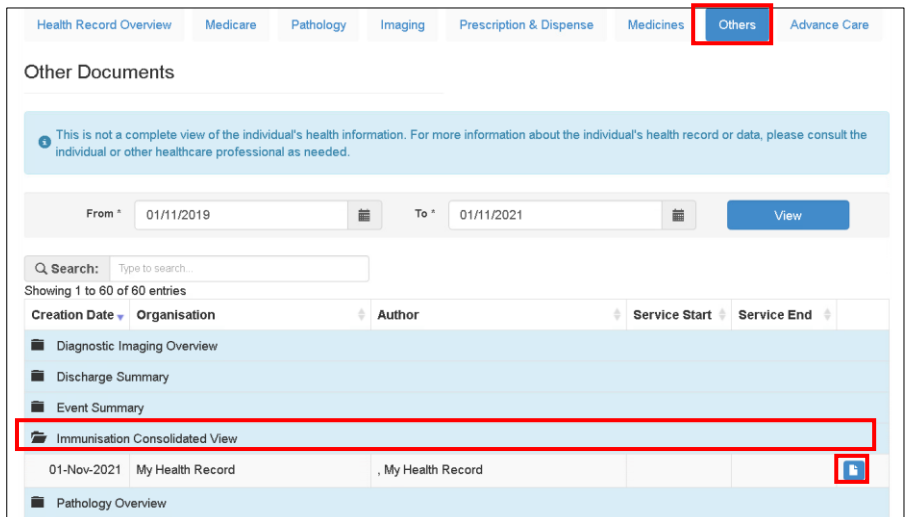

STEP 2:

A separate browser window will launch with the patient's My Health Record in view. You will be shown the **Health Record Overview page** by default.

Use the **Others tab** to find the **Immunisation Consolidated View**. Click on the **folder** to expand your area of interest.

Then click on the blue **View Document button** to open the document.

[then follow steps 3 to 6 above]
