

Accessing the Medicines Information View

Note: These steps assume that your software is connected to the My Health Record system, the patient has a My Health Record and their individual healthcare identifier (IHI) has been validated in your system

Option 1: for users of Genie via the NASH approach

STEP 1:

In the patient's clinical record, click the **My Health Record icon** to gain access, then select the **My Health Record tab**.

STEP 2:

Click **View Document List** to refresh the list. Then double-click to open the **Medicines View**.
