

Accessing Diagnostic Imaging Reports

Note:

These steps assume that you have an individual PRODA account, your HPI-I has been linked to your organisation's HPI-O and the patient has a My Health Record.

Step 1

Open the National Provider Portal and search for an individual by entering their:

- Last name
- Date of birth
- Sex
- A unique numeric identifier, either their Medicare or DVA number, or their Individual Healthcare Identifier (IHI).

My Health Record Search

This may not be a complete record of diagnostic imaging information. The healthcare recipient will be able to view most of their Diagnostic Imaging reports 5 days from the date the diagnostic imaging service loaded the report into the My Health Record system. Some reports will be available immediately.

All date and time information shown on this page and the navigation menu are converted to Australian Eastern Standard Time Zone (or Australian Eastern Daylight Time Zone when applicable).

Note: Your date filter could retrieve results outside the date range where there are other results in the same report.
