

Accessing Medicines Information

Note: These steps assume that you have an individual PRODA account, your HPI-I has been linked to your organisation's HPI-O and the patient has a My Health Record.

STEP 1:

Open the **National Provider Portal** and search for your patient by entering their:

- Last name
- Date of birth
- Sex
- A unique numeric identifier, either their Medicare or DVA number, or their Individual Healthcare Identifier (IHI).

My Health Record Search

LAST NAME*
Harding

DATE OF BIRTH*
04-Oct-1949

SEX*
 Male
 Female
 Intersex
 Not Stated

IDENTIFIER*
 IHI
 Medicare
 DVA
 39503025721

* indicates a mandatory field

Search Reset

STEP 2:

On the patient's **Health Record Overview** page click on **Allergies & Adverse Reactions and Medicines Information**.

DERRINGTON, CALEB
DOB: 15-Jun-1933 (88 Years) Sex: Male

Health Record Overview Clinical Documents Medicine Records Immunisation Records Consumer Documents Child Development Medicare Records Advance Care Planning

Health Record Overview

Allergies & Adverse Reactions and Medicines Information

Documents available on the My Health Record since the last Shared Health Summary

STEP 3:

The **Available Medicines Information** view will display available medicines and allergy information held in a patient's My Health Record with the **Allergies and Adverse Reactions** tab displayed by default.

DERRINGTON, CALEB
DOB: 15-Jun-1933 (88 Years) Sex: Male

Health Record Overview Clinical Documents Medicine Records Immunisation Records Consumer Documents Child Development Medicare Records Advance Care Planning

Available Medicines Information

Allergies & Adverse Reactions (20 items found)

SOURCE/AUTHOR	DATE	SUBSTANCE/AGENT	MANIFESTATION(S)
Shared Health Summary Communicare	13-Jul-2021 (8 weeks ago)	Penicillin	Urticaria
Patient-entered Information	28-Jun-2021 (2 months ago)	Chicken Feet	bloostabils, Disfunctions
Patient-entered Information	28-Jun-2021 (2 months ago)	rice	hives

STEP 4:

To view a patient’s medicines information, click on the **Medicines Preview** tab.

By default, the medicines information is sorted by date. To sort the medicines by active ingredient click on **Medicine – Active Ingredient(s)**.

You can click on any hyperlinks within the list of medicines to view the original source document (e.g. Discharge Summary or Shared Health Summary).

The information in the **Available Medicines Information View** is gathered from:

- The patient’s most recent (and up to two years’) **Prescription and Dispense records** and other **PBS claims information**
- The patient’s most recent **Shared Health Summary** and **Discharge Summary**
- Recent **Event Summaries, Specialist Letters** and **e-Referral notes** uploaded to the patient’s record since their latest shared health summary
- The patient’s **Personal Health Summary**, which may include any allergies or adverse reactions and other key information.

If available, a link to the **Pharmacist Shared Medicines List** will be provided in the Medicines Information View.
